It was an early start for some of the Bromley crew as we all travelled to Kensington Gardens for the 2009 London Outdoor Championships on 16th August. Alan, Bill D, Helen & Vicci took part in the competition, with Mary there for moral support as always. After a slightly delayed start, 9:45 as opposed to the 9:15 we had got up early for, shooting commenced. Alan shot a York round whilst the rest of us opted for the Hereford.

There were some expletives during the morning as many people found the wood at the top of the targets but gradually everyone found the middle of the target again (well on occasion anyway!). It was a small gathering of archers, approximately 15 with two on each target making it quite an intimate shoot. We all met and shot with new people and the sun shone for us, resulting in striped red arms and pink faces. It was a good day, that is not to say we all shot as well as we wanted but you can't have everything. At least it did not rain!

Team Bromley took home 3 medals in total but unfortunately did not win the team trophy this year, which went to London Archers.
